HUNGARY'S ROYAL WATER LOTION

The legend

In the 14th century, 72-year-old **Donna Isabella, Queen of Hungary**, followed the advice of a hermit who gave her a **rosemary-based lotion**.

Every morning for a whole year, she drank this elixir, washed her face with it and rubbed her afflicted limbs.

The lotion was **so effective** that she **recovered**, regained her strength and became so **beautiful** that the King of Poland, her neighbor, wanted to marry her.

A lotion that also seduced the **Versailles of Louis XIV**, who used it himself !
