1 HYDRAFLORE brand

LABORATOIRES E.V. ROIG : Beauty by passion, Nature by conviction

Since 1972, we innovate and shake the conventional cosmetic sphere in reconciling with passion the old savoir faire from herborist and the new green biotechnology. Hand work is always present.

Flowers and nature at the heart of our formulas

Hydraflores is the phyto-floral brand of the E.V. ROIG – Centella Laboratories. Each of its ranges is designed around a flower with extraordinary powers: the Musk Rose for sensitive skin, the Damas Rose to fight against first wrinkles, and now the Iris to purify, regulate and restore the radiance of the combination to oily skin complexion.

The Hydraflores products reveal all the splendour and the authenticity of precious flowers' prodigious virtues. Hydraflores delivers all the secrets of its exceptional active ingredients' benefits to offer the excellence of nature for an optimal efficiency.

Beauty center expertise

Professional brand having a close partnership with more than 200 beauty therapists in France, Hydraflores manufactures products used for professional cosmetic cares in beauty salons and has to meet strict quality and performance requirements. Specialist in the art of magnifying its products' implementation, Hydraflores provides numerous tools (care protocols, trainings...) to optimize the efficiency of its active ingredients and offer the best of the professional organic cosmetic.
