

# HYDRA-PLUMPING CREAM +

**Normal to dry skin**  
*Ref. : 0055 – Airless bottle 40ml*

## PROPERTIES :

- More than 91% organic ingredients
- Formulated on the basis of a hyaluronic acid chain duo of plant origin and Aloe vera.
- A light cream that restores the skin's ability to retain water for a moisturized, replenished and protected face from the deleterious effects of pollution.

### A highly concentrated moisturizing complex of plant origin:

Formulated with a moisturizing complex composed of a duo of hyaluronic acid chains of plant origin and Aloe vera, **Hydra-Plumping Cream + Organic Centella** helps to **intensely moisturize** the skin and restore **its ability to retain water**.

**Hyaluronic acid**, naturally present in the skin, is a real sponge molecule capable of retaining up to **1000 times its weight in water**. With time, pollution or lifestyle, **natural production** decreases and the skin becomes increasingly **dehydrated**.

**Organic Centella Hydra-Plumping Cream+** contains **2 chains of hyaluronic acid** of plant origin for complementary moisturizing actions. The medium chains will provide **long-lasting hydration throughout the day**, while the short chains will **moisturize immediately**.

**Aloe vera** is known for its **exceptional thirst-quenching properties**. The main active ingredient of the Hydration+ range, it helps to moisturise the skin and promote a fresh complexion throughout the day.

### An antioxidant action to protect the skin from free radicals:

The body produces **free radicals**, which are harmful to our organism. Nature being well done, it also produces their natural shield: **antioxidants**.

However, **pollution**, overexposure to the sun, pesticides, smoking, alcohol and too fatty food are all factors that generate more free radicals, creating an **imbalance** to the detriment of antioxidants.

The **Organic Centella Hydra-Ressource Cream+** contains therefore **Vitamin E**, as well as **Rosemary essential oil**, both powerful antioxidants. The skin is thus protected from oxidative stress.

### Restoring comfort to the skin :

Enriched with organic **Sweet Almond**, Hazelnut, Sesame and Organic and Fair Trade **Shea Butter** vegetable oils, Hydra-Plumping Cream+ helps to restore **elasticity** and **preserve the skin's hydrolipidic film**.

Known for its nourishing and softening **properties**, **Shea Butter** also provides your skin with **incomparable comfort**. The Hydra-Plumping Cream+ thus contributes to **durably reduce the sensations of tightness** by providing comfort and suppleness.

## INSTRUCTIONS FOR USE :

**For normal skin:** Every morning, apply in thin layers to thoroughly cleansed skin, in light circular motions over the entire face and neck.

**For dry skin:** Morning and evening, on clean skin, apply Hydra-Resource+ Cream, in thin layers on perfectly cleansed skin, in light circular motions all over the face and neck.

**Beauty tip for very dry skin:** Every morning, mix **1 dose of Hydra-Plumping Cream+**, **1 dose of Hydra-Booster Serum+** and **3 drops of Hydra-Protect Elixir+** and apply in thin layers to the face and neck.  
Every evening, apply **1 dose of Hydra-Plumping Cream+** mixed with 3 drops of Hydra-Booster+ Serum.

## COMPOSITION :

<b>Organic Aloe Vera Juice</b>	Powerful moisturizer, Aloe vera improves the cohesion of the skin barrier cells and thus protects the skin from insensible water loss.
<b>Short chain of hyaluronic acid of plant origin</b>	Penetrates deep into the different layers of the epidermis for more intense hydration.
<b>Medium chain of hyaluronic acid of plant origin</b>	Provides intense and prolonged hydration of the different layers of the epidermis.
<b>Organic Rosemary essential oil</b>	Rich in flavonoids and terpenes, Rosemary E.O. has antioxidant, toning and purifying properties.
<b>Shea Butter Organic Fair Trade</b>	Known for its regenerating and protective properties. Rich in vitamins and phytosterols, it promotes cell regeneration and deeply moisturizes the upper layers of the epidermis.
<b>Organic Centella Asiatica Extract</b>	Promotes collagen synthesis, repairs and soothes in depth.
<b>Hazelnut vegetable oil Organic Fair Trade</b>	Dry and rich in oleic acid, it penetrates deeply and softens the skin. Protective, it prevents dehydration and makes the skin more supple and elastic.
<b>Organic Sweet Almond Oil</b>	Oil with softening, moisturizing and regulating properties.
<b>Organic Fair Trade Sesame Oil</b>	Oil rich in essential fatty acid, it allows a softening and restructuring action. Also contains Vitamin E which has an anti-oxidant action.
<b>Organic glycerin of vegetable origin</b>	Powerful moisturizing agent, it protects the skin from dehydration and gives it an irresistibly soft touch.
<b>Vitamin E</b>	Anti-oxidant and anti-ageing, vitamin E traps free radicals on the skin.
<b>Organic Petit Grain EO</b>	Action on skin regeneration.
<b>Organic Sage EO</b>	Moisturizing and healing properties.
<b>Organic Thyme EO</b>	Purifying, astringent and anti-bacterial properties.

# HYDRA-BOOSTER SERUM+

**Dehydrated skin**  
Ref. : 0056– Ergopack 30ml

## PROPERTIES:

- More than 96% organic ingredients
- Ultra-concentrated hyaluronic acid containing 3 chains of different molecular weight for complementary benefits
- A fresh and **thirst-quenching** gel for **immediate** and **long-lasting** hydration.

### A record concentration of Hyaluronic Acid of plant origin:

**Organic Centella Hydra-Booster Serum+** is our most concentrated product in **hyaluronic acid**, with particularly moisturizing properties.

**Hyaluronic acid**, naturally present in the skin, is a real sponge molecule capable of retaining up to 1000 times its weight in water. It ensures **good skin hydration**, a **plumped** appearance and a **fresh complexion** throughout the day.

**For the first time**, we have used **3 hyaluronic acid chains** of different lengths, whose properties complement each other for a targeted action in the different layers of the epidermis :

- The high molecular weight chain has a tensor effect and forms a protective film on the skin, limiting water loss.
- The medium molecular weight has a long-lasting moisturizing power.
- The low molecular weight one provides rapid hydration in the deep layers of the epidermis.

During application, the hyaluronic acid present acts as a signal that is recognized and allows the skin to restart its own natural production in the epidermis.

In addition to hyaluronic acid, we have added to the formula Aloe vera, as well as organic glycerin of vegetable origin, with powerful moisturizing and soothing effects. Thanks to this powerful moisturizing trio, the Organic Centella Hydra-Booster Serum+ targets an immediate and long-lasting thirst-quenching action.

<sup>1</sup>At Centella

## A fresh gel

The **Hydra-Booster Serum+** has a **unique** gel texture obtained **without gelling agents** thanks to the **triple alliance** of hyaluronic acid that **intensely moisturizes** the skin and maintains its **moisture balance** while combining great sensoriality.

Formulated from **Peppermint hydrolate**, the gel brings freshness and reduces redness of the skin.

## INSTRUCTIONS FOR USE :

Every morning, apply a thin layer of **Hydra-Booster Serum+** on clean, cleansed skin.

*Beauty tips for normal skin:* You can mix **1 dose** of Hydra-Booster+ Serum with **1 dose** of **Hydra-Plumping Cream+** for prolonged hydration.

*Beauty tips for dry skin:* You can mix **1 dose** of Hydra-BoosterSerum+ , **1 dose** of Hydra-Plumping Cream+ and **3 drops** of **Hydra-Protect Elixir+** .

## COMPOSITION :

<b>Organic Aloe Vera Juice</b>	Powerful moisturizer, Aloe vera improves the cohesion of the skin barrier cells and thus protects the skin from insensible water loss.
<b>Short chain of hyaluronic acid of plant origin</b>	Penetrates deep into the different layers of the epidermis for more intense hydration.
<b>Medium chain of hyaluronic acid of plant origin</b>	Allows a prolonged hydration of the different layers of the epidermis.
<b>Long chain of hyaluronic acid of plant origin</b>	An excellent humectant, it helps form a non-occlusive moisturizing film on the surface of the skin. Ideal for retaining water in the cells.
<b>Organic Rosemary Essential Oil</b>	Rich in flavonoids and terpenes, Rosemary E.O. has antioxidant, toning and purifying properties.
<b>Organic Peppermint Water</b>	France origin. Active ingredient known for its refreshing and purifying properties, peppermint reduces redness, calms and tones the skin.
<b>Organic Centella Asiatica Extract</b>	Promotes collagen synthesis, repairs and soothes in depth.
<b>Organic glycerin of plant origin</b>	Powerful moisturizing agent, it protects the skin from dehydration and gives it an irresistibly soft touch.
<b>Organic Lavender EO</b>	Repairing, regenerating and purifying properties.
<b>Organic Roman EO</b>	Invigorating and purifying properties.
<b>Neroli Organic EO</b>	Skin regenerating and healing.
<b>Ylang-Ylang Organic EO</b>	Toning and regenerating skin.

# HYDRA-PROTECT ELIXIR

*Normal to dry skin*

*Ref. : 0057 – Dropper 15 ml*

## PROPERTIES :

- **100%** organic ingredients
- A rich and nourishing oil with a non-greasy finish that **soothes** and **protects** the skin.

### Long-lasting nutrition :

Composed of sebum and water, the **hydrolipidic film** constitutes a **natural barrier** to defend the skin from external aggressions and **keeps** the skin **supple** and **hydrated** by **limiting insensible water losses**.

Skin ageing, the external environment, the limestone present in the water are all factors that alter the hydrolipidic film. The hydrolipidic film therefore plays less well its role as a barrier and encourages water loss.

To guarantee good hydration it is therefore necessary to reconstitute the hydrolipidic film.

Formulated from essential and vegetable oils, **Organic Centella Hydra-Protect Elixir+** helps to **restore and strengthen the hydro-lipidic film**.

**Organic Sweet Almond Oil**, rich in essential fatty acids, penetrates easily into the layers of the epidermis and provides **intense nutrition** by strengthening the hydrolipidic film that will **limit skin dehydration** and protect it. Emollient, it helps to **soothe** the skin and provides a velvety soft touch.

**Aloe vera**, known for its exceptional thirst-quenching properties. The flagship active ingredient of the Hydratation+ range, it helps to moisturize the skin and promote a fresh complexion throughout the day.

### A synergy of essential oils :

Thanks to the **organic essential oils of Rosemary**, rich in antioxidants, **Cinnamon** and **Juniper**, with toning properties, and **Lavender**, with soothing properties, the **Hydra-Protect Elixir+** soothes the skin and restores a satin and luminous complexion.

## INSTRUCTIONS FOR USE :

For normal skin: Every evening, on clean and dry skin, warm **3 drops** of **Hydra-Protect Elixir+** between your hands and apply them to the face and neck, massaging from the inside to the outside of the face to make them penetrate.

For dry skin: Morning and evening, apply **3 drops** of **Hydra-Protect Elixir+** on a clean, dry face and neck.

Beauty tip for very dry skin: You can mix **1 dose** of **Hydra-Booster Serum+** , **1 dose** of **Hydra-Plumping Cream+** and **3 drops** of **Hydra-Protect Elixir +** for a morning application in thin layers on the face and neck. In the evening, mix **1 dose** of **Hydra-Plumping Cream+** and **3 drops** of **Hydra-Protect Elixir+** and apply in thin layers to the face and neck.

## COMPOSITION :

Aloe vera powder	Powerful moisturizer, Aloe Vera improves the cohesion of the cells of the cutaneous barrier and thus protects the skin from insensitive skin loss.
Organic Rosemary Essential Oil	Rich in flavonoids and terpenes, Rosemary E.O. has antioxidant, toning and purifying properties.
Extract of Centella asiatica Organic	Promotes collagen synthesis, repairs and soothes in depth.
Sweet Almond Oil Organic	Balancing and softening, it gives the skin a silky touch. Protective, it prevents dehydration and makes the skin supple.
Organic Cinnamon essential oil	Invigorating and purifying properties.
Organic Lavender essential oil	Repairing, regenerating and purifying properties.
Organic Thyme Essential Oil	Purifying, astringent and anti-bacterial properties.
Organic Juniper essential oil	Astringent and purifying properties.
Organic Geranium Essential Oil	Toning, astringent properties, and increases the skin's regenerative capacity.

INGREDIENTS: PRUNUS AMYGDALUS (SWEET ALMOND) DULCIS OIL\*, HELIANTHUS ANNUUS (SUNFLOWER) SEED OIL\*, CENTELLA ASIATICA FLOWER/LEAF/STEM EXTRACT\*, ALOE BARBADENSIS LEAF JUICE POWDER\*, ROSMARINUS OFFICINALIS LEAF OIL\*, CINNAMOMUM ZEYLANICUM BARK OIL\*, JUNIPERUS COMMUNIS (JUNIPER)WOOD OIL\*, PELARGONIUM GRAVEOLENS (GERANIUM) OIL\*, LAVANDULA OFFICINALIS FLOWER OIL\*, THYMUS SATUREJOIDES OIL \*, LINALOOL

# HYDRA-CALMING MASK +

**Normal to dry skin**

*Ref. : 00058 – Airless bottle 40ml*

## PROPERTIES :

- **90%** organic ingredients
- Duo of hyaluronic acid chains associated with Aloe vera and Centella asiatica
- A mask with an enveloping and **calming** texture that **moisturizes** and **illuminates** your skin.

Pollution, blue lights, stress, climatic conditions (heat/cold) are all factors that promote dull and dehydrated skin. Thus the **Hydra-Calming Mask+** has been developed to pamper your skin and illuminate the complexion for a real cocooning moment.

### Long-lasting hydration :

The **Hydra-Calming Mask+** is formulated from a real cocktail of plant active ingredients that helps to deeply moisturize the skin and ensures comfort and suppleness.

**Hyaluronic acid**, naturally present in the skin, penetrates the layers of the epidermis and captures water in the cells, thus allowing intense and prolonged hydration. It also ensures the stimulation of its own synthesis in order to moisturize the skin durably.

**Hydra-Calming Mask+** contains **2 chains of hyaluronic acid** of plant origin for complementary moisturizing actions. The medium chains will provide **long-lasting hydration throughout the day**, while the short chains will **moisturize immediately**.

**Aloe vera** is known for its **exceptional thirst-quenching properties**. The main active ingredient of the Hydration+ range, it helps to moisturise the skin and promote a fresh complexion throughout the day

### A calming effect on the skin:

A real relaxation and well-being treatment, the **Hydra-Calming Mask+** is formulated with a high concentration of **Shea Butter combined with Organic Wheatgerm and Organic Sweet Almond vegetable oil**.

**Organic and Fair Trade Shea Butter**, rich in vitamins, intensely **nourishes** and **protects** the skin from external aggressions by reinforcing the skin's hydrolipidic film which helps to limit insensible water loss.

**Organic Wheatgerm and Organic Sweet Almond vegetable oils**, with very nourishing and protective properties, moisturize and stimulate the upper layers of the epidermis while providing comfort, vitality and softness. They soothe and protect irritated skin.

### An immediate healthy-glow effect:

The **organic essential oils of Rosemary and Lemon**, rich in antioxidants, are revitalizing and give a real glow to the face.

**Centella asiatica** stimulates collagen synthesis and promotes skin micro-circulation which helps to redensify the skin and illuminate the complexion.

The **organic essential oil of Lavender**, calming and relaxing, helps to reduce redness and soothe tightness of the skin.

## INSTRUCTIONS FOR USE :

**Twice a week**, apply **Hydra-Calming Mask+** to clean skin over the entire face and neck, **including** the eye and lip contours. Leave on for a minimum of **15 minutes**. Finally, **massage the excess** and remove the rest with a damp cotton pad or washcloth. **Do not rinse**.

Beauty tip: You can leave the mask on all night long for a moisturized face in the morning!

Beauty tip for dry skin: Mix 5 to 7 drops of **Hydra-Calming Mask+** with **3 drops** of **Hydra-Protect Elixir+** for a moisturizing action and a reinforced healthy glow effect.

Beauty tip for very dry skin: You can add **1 dose** of **Hydra-Booster Serum+** to the **Mask + Elixir** mixture for maximum hydration.
