

ALOE VERA

Aloe Vera – The Queen of Medicinal Plants

Pure nature for radiant skin

Aloe vera, a plant that has been valued for thousands of years for its many medicinal properties, has also become firmly established in skin care. Its effects range from soothing irritated skin to promoting cell regeneration.

The chemical composition of aloe vera is remarkable. It contains more than 75 nutrients, including vitamins, enzymes, minerals and amino acids. These ingredients work synergistically to promote skin health.

Overall, aloe vera offers a variety of skin care benefits, from soothing and hydrating to promoting regeneration. Its natural properties make it a valuable ingredient in our être belle aloe vera skin-care range for all skin types, and its long history of use proves its effectiveness in modern skin-care.

3104

Mild Face Peeling

Gentle exfoliator for all skin types, including dry and mature skin. Fine abrasive particles remove dead skin cells and excess sebum. The skin is gently exfoliated without being damaged. Regular use promotes the skin's ability to absorb all subsequent skin care products. Ideally, the skin should be exfoliated before applying a mask to enhance the benefits of the mask.

Indication

Suitable for all skin types.

Do not use on acne and couperose/rosacea.

Active Ingredients

- Aloe vera - soothing, moisturizing
- Spearmint oil - anti-septic, stimulating

Application

Apply to cleansed skin once a week. Gently massage for 1-2 minutes and rinse off with plenty of water. Tone with *Aloe Vera Mild Moisturizing Lotion* or *Moisturizing Lotion – Dry Skin* and complete your beauty routine with the recommended skin care products

Benefits

- Clear, refreshed and revitalized complexion.
- Refined pore appearance and natural glow effect
- Improved absorption capacity of the skin for all subsequent skin care products
- Stimulates skin renewal
- Gentle minimization of visible lines and wrinkles
