STEMCELL TECHNOLOGY

4-Dimensional Wrinkle Reduction

Perfect synergy of scientific precision and natural effectiveness for visibly rejuvenated skin

The origin of youthful, beautiful skin lies in the stem cells of the epidermis. These ensure that the skin cells are continuously renewed. Negative environmental influences and natural ageing weaken this renewal process. The skin's barrier function is damaged, the skin becomes thinner and more susceptible to external and internal influences. The number and activity of epidermal stem cells decreases. To effectively counteract skin ageing, it is important to preserve the vitality of the skin stem cells.

The intensive corrective luxury care with rejuvenating plant stem cell complexes, deep-acting lifting peptides and platinum, the most precious metal in the world, make the skin forget its true age - the vitality of the skin stem cells is sustainably activated in 4 dimensions and their lifespan extended.

4 dimensions of wrinkle reduction:

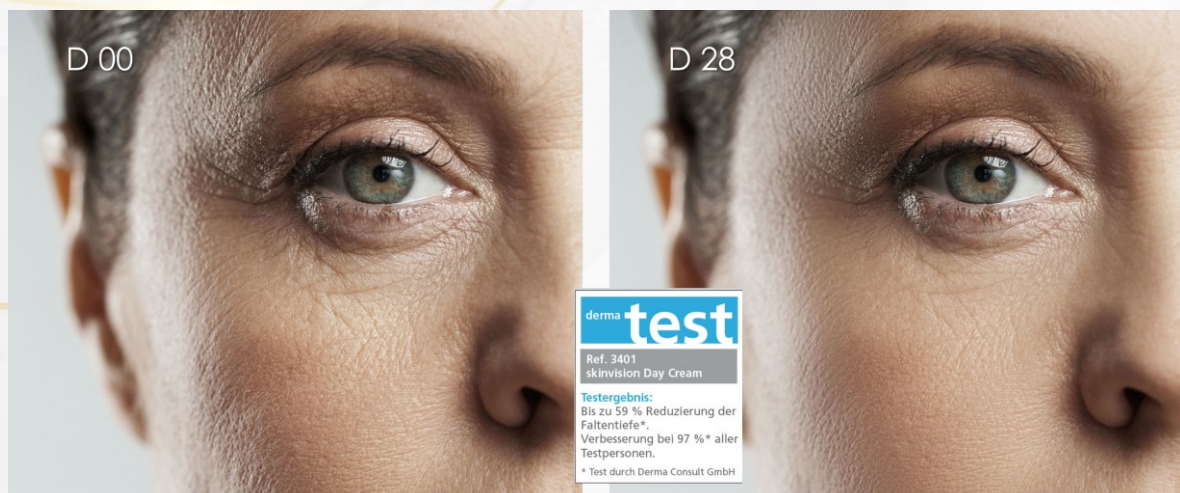

- Length
- Width
- Depth
- Time

Effect:

- After 1 day - radiantly fresh skin
- After 1 week - significantly smoother skin
- After 1 month – visible rejuvenated skin

Derma Consult confirms:

Reduced wrinkles up to 59% Improved skin appearance in 97% of subjects

skinvision Day & Night Serum

The exclusive skinvision Day & Night Serum combines the powerful properties of plant stem cells with a unique peptide-platinum compound. The synergy of these highly effective ingredients not only revitalizes and regenerates the skin, but also firms and tightens it. This innovative combination penetrates deep into the skin to stimulate natural collagen production and improve skin texture. Experience the ultimate fusion of nature and high-tech for an extraordinary skin rejuvenation and a luxurious skincare experience.

Indication

Any demanding skin with pronounced wrinkle depth, loss of firmness and/or elasticity

Active Ingredients

- Stem cell extracts from apple, grape and alpine rose - global, lasting strengthening of all skin functions
- Platinum - deep-acting anti-ageing active ingredient, activation of collagen I + III synthesis
- Serilesine - peptide compound: remodeling, more skin density, strong D-E junction
- Gatuline Expression - herbal alternative to Botox
- LipoMoist - constant, long-lasting skin moisturization
- Pearl mixture - remineralizing, stimulates blood circulation, refining

Application

Celebrate in the morning and evening, massage onto cleansed and toned skin on the face, neck and décolleté with upward strokes. Then complete your personal beauty ritual with the recommended *Skin Vision Day Cream* or *Skin Vision Night Cream*, depending on your skin type.

Benefits

- Wrinkle-reducing
- Strengthened tissue structures
- More skin volume
- "V-lifting" of the facial contours

skinvision Eye Cream

This exceptional *skinvision Eye Cream* represents the symbiosis of nature and high-tech to create a luxurious skincare experience. The regenerative properties of plant stem cells, preserved through precise extraction and innovative formulation, preserve and reactivate the skin's own regenerative capacity, while peptides and platinum sustainably firm and tighten the skin. Eyeseryl® specifically reduces puffiness and dark circles under the eyes for a radiant look. This unique combination of top-class active ingredients literally melts into the skin, boosts the skin's own collagen synthesis and significantly improves the skin's structure.

Indication

Any demanding skin with pronounced wrinkle depth, loss of firmness and/or elasticity

Active Ingredients

- Stem cell extracts from apple, grape and alpine rose - global, lasting strengthening of all skin functions
- Eyeseryl® - peptide power against puffy eye areas and dark circles
- Platinum - deeply active anti-ageing ingredient, activation of collagen I + III synthesis
- Chondrus Crispus (red algae extract) - strengthens capillaries, regulates moisture levels

Application

Apply morning and evening to the eye area including the upper eyelid after cleansing and toning.

Benefits

- Minimizes all types of lines and wrinkles
- Noticeable and visible lifting effect
- Relieves puffiness around the eyes
- Anti-dark circles
- Global high-end care for the most demanding eye area

firming – lifting

3401

skinvision Day Cream

This high-tech day care combines the unique effects of plant stem cells, platinum, peptides and a rich selection of gemstone extracts to perfect the skin's structure. This formula not only guarantees an immediately noticeable lifting effect, but also provides a robust protective shield against harmful environmental influences. The carefully selected minerals help to strengthen the skin, supply it with essential nutrients and support the natural barrier

Indication

Any demanding skin with pronounced wrinkle depth, loss of firmness and/or elasticity

Active Ingredients

- Stem cell extracts from apple, grape and alpine rose - global, lasting strengthening of all skin functions
- Paracress - muscle relaxant, smoothing, refining
- Serilesine - peptide compound: remodeling, more skin density, strong D-E compound
- Gemstone extracts - remineralizing, cell-strengthening, balancing, cell-renewing

Application

Apply in the morning to cleansed and toned skin on the face, neck and décolleté and massage in. To intensify the care effect, apply *skinvision Day & Night Serum* beforehand.

Benefits

- Minimizes all types of lines and wrinkles
- Noticeable and visible lifting effect
- Strengthened tissue structures
- Strengthens the skin's natural protective functions against negative environmental influences

skinvision Day Cream – Dry Skin

The soothing day cream, especially for very dry skin, integrates the regenerating power of plant stem cells with platinum, peptides and mineral active ingredients. The pampering formula not only provides immediate suppleness and a noticeable increase in moisture levels, but also intensive protection against harmful environmental influences to alleviate feelings of tightness and protect the skin from moisture loss. The addition of almond oil deeply moisturizes and soothes dry skin, while argan stem cells support its barrier function.

Indication

Any demanding dry to very dry skin with pronounced wrinkle depth, loss of firmness and/or elasticity

Active Ingredients

- Stem cell extracts from apple, grape and alpine rose - global, lasting strengthening of all skin functions
- Argan stem cells - strengthens the skin's barrier function, regenerating
- Almond oil - pampering, strengthening, nourishing
- Chondrus Crispus (red algae extract) - strengthens capillaries, regulates moisture

Application

Apply in the morning to cleansed and toned skin on the face, neck and décolleté and massage in. To intensify the care effect, apply *skinvision Day & Night Serum* beforehand.

Benefits

- Soothing suppleness for demanding, lipid-depleted skin
- Minimizes all types of lines and wrinkles
- Noticeable and visible lifting effect
- Strengthened tissue structures
- Strengthens the skin's natural protective functions against negative environmental influences

skinvision Night Cream

The exquisite *skinvision Night Cream* combines plant stem cells with an exclusive platinum peptide compound for intensive overnight regeneration. Enriched with sea spring water and gemstone extracts, it not only provides maximum moisture and revitalization, but also harmonizing energy for the skin. The DNA Repair Complex actively supports the regeneration and repair of skin cells, while the luxurious macadamia nut oil pampers any demanding skin and leaves it feeling silky and supple.

Indication

Any demanding skin with pronounced wrinkle depth, loss of firmness and/or elasticity

Active Ingredients

- Stem cell extracts from apple, grape and alpine rose - global, lasting strengthening of all skin functions
- Sea spring water - remineralizing, strengthens the D-E connection zone
- DNA Repair Complex - activates regeneration, protects against negative environmental influences
- Macadamia nut oil - protective, nourishing, smooth skin feel

Application

Apply in the evening to cleansed and toned skin on the face, neck and décolleté and massage in. To intensify the care effect, apply *skinvision Day & Night Serum* beforehand.

Benefits

- Activates nocturnal cell regeneration
- Promotes the repair of cell DNA and light-induced cell damage
- Lifting overnight

regenerating – restorative

3407-07

skinvision Shaker Mask

The intensively firming peel-off mask with rejuvenating apple stem cells and restructuring plant extracts potentiates the effect of a previously applied ampoule thanks to its occlusive effect. The cocktail of stone crusher, mulberry root, Chinese skullcap and grape extracts is particularly rich in isoflavones and an ideal free radical scavenger, which further emphasizes the smoothing, firming and regenerating effect of this mask.

Indication

For all demanding skin

Active Ingredients

- Apple stem cells - regeneration booster, elasticity-enhancing, protective
- Stone crusher extract - moisturizing, structure-protecting
- Mulberry extract - anti-oxidant, alleviates hyperpigmentation
- Chinese helmet herb - inhibits collagen breakdown, anti-inflammatory
- Grape extract - repairing, elasticity-improving, smoothing, anti-oxidative
- Alginates - moisturizing, relieving, smoothing

Application

Pour 100 ml of water (20°C) into the shaker, add the entire contents of the sachet and close the cup. Shake vigorously for a few seconds until the "mixing noise" becomes quieter. Apply the mask quickly and evenly to the face, neck and décolleté using a spatula. Model the edges a little thicker. After 15 minutes, moisten the edges of the mask with a sponge. Then remove the mask as a whole.

Benefits

- Smoothing
- Firming
- Lifting
- Hydration
